

Bhanoji Kandalam

Room No: 006, Manas Hostel,
IIT Guwahati, Guwahati – 781039.

Email : bhanoji@iitg.ernet.in
Alt Email: kbhanoji@gmail.com
Phone: +91 9954249810

Career Objective:

To secure a challenging position where I can effectively contribute my competent technical skills as a Software Professional.

Educational Qualifications:

COURSE	INSTITUTE	BOARD/UNIV.	Year	MARKS/CGPI
M.Tech	IIT Guwahati	IIT Guwahati	2008	8.72/10 (up to 2 Sem)
B.Tech	Swarnandhra College of Engg & Tech	JNTU Hyd	2006	74.8
10+2	Nalanda Junior College.	Board of Intermediate Education, AP	2002	93.4
10	St. Mary's High School	Board of Secondary Education, AP	2000	79

M.Tech Project:

Project title:

Collision avoidance in Wireless Sensor Networks

Guide:

Prof. Sukumar Nandi

Project outline:

Wireless sensor networks are characterized by collections of small, low-power nodes that collect information about the physical world. Concurrent transmissions caused by the well-known hidden terminal problem result in collisions and packet corruption. Since corrupted packets must be retransmitted, collisions add an additional burden to the already energy constrained system. We suggest a reactive and a proactive approach to the problem, where in the reactive approach takes care when collision occurs in the network and the proactive approach based on heuristics, decreases the probability of collision.

Mobile Robotics Project:

Project title:

Monitoring an area using remotely Controlled Robot via Internet

Project outline:

The Project is to control the RCX from another PC across a network-including the internet. This type of control, where the controller is not present in the same space as the robot, is known as *telorobotics*. Human supervisors send commands and receive feedback via the network to a robot in a remote location that is unmanned. Such systems support research and deployment in areas that are dangerous for humans. This project aims at building such a robot that can be used to monitor a remote area and in the process addresses the issues of communication and the problem of aligning with the tower for communication to be possible.

B.Tech Project:

Project title:

Software Project Management Solution

Project outline:

The Software Project Management Solution is an application that binds itself with the overall standards of managing a project at all levels of its development processes. The application is projected towards the maintenance of the data that is utmost necessary to know the state and status of a project that is undergoing through the process of development. Its intention is to maintain the history of all the components that have been developed for a specific project along with the associated information about the software engineer who has been involved in the process of development of that component.

MTech Courses Taken

- **Sem I:** Computer Systems, Theory of Computation, Wireless Sensor Networks, Pattern Recognition
- **Sem II:** Linux Kernel, Wireless Networks, Computer and Network Security, Mobile Robotics.

Term Papers

1. Term Paper Title : QoS in MANETs

Course : Wireless Sensor Networks

Supervisor : Dr.S.V.Rao

2.Term Paper Title : Radio Frequency Identification

Course : Wireless Networks

Supervisor : Prof. Sukumar Nandi

Areas of Interest

- Operating Systems.
- Algorithms & Data Structures.
- Computer Networks

Computer Skills

Languages : C, Java, NQC, 8086 Assembly Language

Web Programming : HTML, Java Script

Operating Systems : Windows 9x/2000/XP, MS-DOS, UNIX, Linux

Achievements:

- Secured **All India 68th Rank** with a **GATE score** of **535** in **GATE 2006**.
- Secured **81.5 percentile** in **CAT 2005**.
- Stood **second** in Access Denied written test, Techniche 2007, IIT Guwahati
- Received a **gold medal** for being the best all rounder in SSC.
- Received Merit certificate in XXVII Mathematical Olympiad 1999.

Extra Curricular Activities:

- Participated in various singing competitions at mandal and district level and received prizes.
- Active participation in various Elocution competitions.
- Member of Cricket team that won Independence cup and Master's cup at IIT Guwahati.

Personal Profile:

Name : Bhanoji Kandalam
Father's Name : K. Sreedhara Rao
Sex : Male
Marital Status : Unmarried
Nationality : Indian
Hobbies : Playing Cricket, Listening to Music
Date of Birth : 17-10-1984
Permanent Address : D No 35-34-28
Mandela vari street
Palakol - 534 260
West Godavari district, A.P
Languages Known : English, Telugu, and Hindi
