

Lalit Gera

Second year postgraduate student
Department of Computer Science & Engineering
IIT Guwahati, India

lgera@iitg.ernet.in
+91-9864435461

Objective:

Seeking a position, which would utilize my skills and abilities in software development and give ample opportunities for professional growth such that I can contribute my best towards achieving the goals of the organization, with good personal ethics and having full job satisfaction.

Education:

Master of Technology 2008	Institution Major CPI SPI(2st sem) SPI(1nd sem)	Indian Institute of Technology, Guwahati Computer Science & Engineering (Security Spec.) 8.96(till 1 st year) 10 8
Bachelor of Technology 2006	University Major Percentage	U.P.Technical Uninversity(C.O.E.R.) Information Technology 70.00%
Class XII 2002	Board Percentage	UTTARANCHAL Board(GIC Roorkee) 69.40 % (Aggregate)(PCM-79.67%)
Class X 2000	Board Percentage	U.P.Board(GIC Roorkee) 55.20 % (Aggregate)(PCM-80%)

Computer Skills:

Programming Languages	C, C++, Core JAVA
Operating Systems	DOS, Windows, Linux
Web Technology	HTML,XML,JSP,Servlets
Other Tools	MS Visual Studio, Gel, Macro-media MX(Dreamweaver , Flash)

Relavant Courses:

1st sem: Computer system, Theory of computation, Number theory and cryptography, Information and randomness.
2nd sem: Computer and network security, Linux kernel implementation, Mobile Robotics, Wireless Network.

Area Of Interest:

Algorithm analysis and design
Database
Security

M.Tech Projects:

Topic:	Effective Entropy based Proactive Password Checking (Under going project)
Guide:	Dr. G.Sajith (Associate Professor) (HOD-CSE Deptt.)
Duration:	1-year
Description:	Proactive Password Checking thinks as the best way to improve the strength of password.Existing work done on rule base as well as dictionary based checking . My idea is to apply some rules based on entropy in which very small work has been done. By effective entropy means that after applying the all rules still password should be memorable to user. We can say that system maintains a balance between randomness and memorability. This system can be integrated as linux pam module.
Language used	C
Operating System	Linux
Topic:	Implementation of RSA
Description:	Aim of the project was to design a system which generates the public and private key pair(100 digitss) also do the encryption on message.
Language Used:	C (course requirement).
Topic:	Garbage Eliminator
Description:	Aim of the project was to design a robot which is able to identify the object defined as garbage and put it some place defined as garbage collector.
Language Used:	NQC
Hardware Used:	RCX 2.0 Lego MindStorms kit

B.Tech Projects:

Topic:	Messaging Forum
Duration	1 year.
Description:	In this project we designed a website which provides the platform to discuss on various computer languages related problems i.e. c, java etc. A user has to register himself on this site before using it. Any one could reply for any query. Administrator has access to remove a user as well as delete any reply and response.
Language used	JAVA, JSP, and Servlet.
Server	Apache Tomcat as HTTP server, SqlServer for database
Topic:	Hospital Management
Description:	Aim of the project was applying Software Engineering approach for developing software which maintains the data related hospital.
Language Used:	Visual Basic as front end and Oracle as back end.
Topic:	Questionnaire
Description:	Aim of the project was to develop a multimedia application (animation) which tests the user's knowledge by asking the questions.
Language Used:	Macro-media Flash MX

Project Done In Summer Internship:

Topic:	Mobile Billing Management
Duration:	1-Months
Description:	Aim of the project was to provide running software for managing mobile bills for customers.
Language Used:	Visual Basic as front end Microsoft Access as back end.
Company Name:	BSNL(Hardwar).

Term Papers:

Topic:	Quantum cryptography and key distribution
Course:	Computer and Network Security
Topic:	Reliable multicasting in MANET
Course:	Wireless Network

Achivements:

Got the 6th rank in “INTELLIGENCE DEVELOPMENT” of Indian Students Welfare Association -1996.
Got the rank “Good” in “Bhartiya Sanskriti Gyan Parichha - 2001” conducted by International Gayatri Family Shantikunj Haridwar.
Passed the competition “Bharat Ko Jano” conducted by Indian Development Association ‘Samarpan’ in 2001.
Qualified GATE-2005 with 93.16 percentile.
Qualified GATE-2006 with 98.27 percentile.
Part of the team won the S-7 cup (intrahostel cricket competition).

Extracurricular Activities:

Participated in computer courses “Introduction to Computer,Dos,Basic” in school-1996-98 .
Participated in “Pulse Polio Immunization Programme -1999”.
Participated in “Java and Oracle9i” courses conducted by IIT Roorkee in 2004.
Participated in the final round of the event GigaBit(C language / linux plateform) of Manthan-2005(college techfest)
Participated in the workshop conducted on “Awareness Programme On Intellectual Property Rights & Patents for Capacity Building” in IITG -2006.
Participated in the workshop conducted on “Information Security & Ethical Hacking” in techniche-2006 IITG by Appins Solution.
Participated in the final of “Ikaru Online Puzzle” in techniche-2007 IITG.

Personal Details:

Name	Lalit Gera	Email	l.gera@iitg.ernet.in
Date of Birth	5th Sep, 1985	Phone no	+91-9864435461
Nationality	Indian	Mailing Address (Current)	258-Siang Hostel IITGuwahati
Sex	Male	Mailing Address (Permanent)	Sh. Tilak Raj 20/3 Canal Colony Cantt Road Lucknow

Hobbies:

My hobbies are listening to music and playing as well as watching cricket.

Date:29-11-2007

Place:IITGuwahati
