- Favorite Courses - Data structures, Algorithms, Theory of Computation, Compiler Design, UNIX, Shell programming, Linux Kernel.

Academics

Degree	Board / University	Percentage	Year Of Passing
M.Tech (cse)	IIT Guwahati	7 CPI	2008
B.Tech (cse)	J N T University	64.8	2006
Intermediate	Board of Intermediate Education	87.4	2001
S.S.C	Board of Secondary Education	73.0	1999

B.Tech Project

Title : **Implementation of File Transfer Client and Sever**
Environment : Socket Programming Using C
Platform : Linux
Guide : Prof. Vasappanavara Ramesh, M.Tech (IITKGP).

Description:

Initially I implemented a simple file transfer server and file transfer client. After that I Modified the code such that server can queue up the requests from multiple clients in a LAN Environment and then serve the requests one by one. Next I modified the code such that it can transfer not only files, but also Directories.

M.Tech Project

Title : **Formal Verification of Security Protocols**
Environment : LOTOS Specification Language, CADP Tools
Platform : Linux
Guide : Dr. Jatindra Kumar Deka, M.Tech, PhD (IITKGP).

Description:

Formal verification is process of proving or disproving the correctness of an algorithm with respect to a specification or property. Software testing alone cannot prove that a system does not contain any defects and also it is impossible to prove or test that a system has "no defects" because it is impossible that to specify what "no defect" means. All that can be done is to prove that system does have a certain property.

Extra curricular activities

- Organized committee Member of 8th International Conference on Distributed computing and Networking (ICDCN - 06) held in IIT Guwahati.
- Man of the match in the finals of "Kapili Hostel Open Cricket Tournament" held in IIT Guwahati.

Achievements

- 4033rd Rank in EAMCET - 02.
- 300th Rank with a Percentile of 98.88 in GATE – 06.
