

CURRICULUM VITAE

SUNIL KUMAR CHOWDHARY

Email: c.sunil@iitg.ernet.in

Permanent Address

D-48, LIG Flats, GTB
Enclave, Delhi-110093

CAREER OBJECTIVE:

Seek to gain a challenging position within an organization that offers high potential career and to attain a stable position that will be recognized in this global scenario.

PERSONAL SKILLS:

Willingness to learn, hard working, team facilitator and mobile, Comprehensive problem solving, analytical and reasoning abilities, good verbal and written communication skills.

Academic Profile:

Examination Passed and board	Name of School/College	Percentage Obtained	Year of passing
M.TECH (CSE)	IIT Guwahati	6.88 (CPI)	2008
B.TECH (IT)	Ajay Kumar Garg Engg. College, Ghaziabad, UP	67.4	2004
HSC (Intermediate Board)	Nutan Vidya Mandir, Delhi	64	2000
SSC (X class)	Flora Dale School , Delhi	64.8	1998

Accolades:

AIR 262 in GATE 2006 in IT

Technical Skills:

Operating Systems	: MS-DOS, Windows 9x//NT/Me/2000/XP, UNIX, Linux
Languages	: C, C++, Java, Visual Basic
Packages	: Oracle 8, MS Office

RELEVANT COURSES:

- **Computer Systems:** Operating Systems, DBMS, Distributed Systems, Computer networks
- **Theoretical Computer Science:** Data Structures and Algorithms
- **Others:** Software Engineering, Management Information Systems, Enterprise resource Planning, Data mining and data warehousing concepts
- **Specialized Subjects:** Wireless Sensor Networks, Cryptography and Network Security, Linux Kernel Implementation

M.Tech Projects:

(1) Final Year: Specification and Verification of dynamics in Central Dogma.

Description: Understanding of the working of the biological system is very difficult due to its complex and dynamic nature. So many biological experiments require days or weeks, before the dynamic behavior of reaction, process or the expected result can be observed. In this project, our work emphasizes on the formal modeling of biological systems i.e. central dogma (protein production cycle). The motivation for comprehensive modeling is to gain a true and extremely deep understanding of the entire system, including its development and behavior over time.

(2) Term papers:

- Enhancing securities of smart cards using biometric methods.

Description: Smart cards are the pocket size cards with embedded integrated chip in it. Smart cards provide a means of effecting business transactions in a flexible, secure way with minimal human intervention and in a standard way. But once your card was stolen and robber gets to know your PIN too, then card is accessible to him too. We suggest some biometrics method to avoid such conditions i.e. at least provide security to your money.

- Critique of work done in synchronizing physical clocks in distributed Systems

Description: In distributed system, many peripherals located at remote places interconnected to each other and work as a one system. The information is passed through messages between them. The main problem related with distributed system is synchronizing of physical clocks. We suggest in this paper up to how much accuracy we can synchronize the physical clocks.

B.Tech Project:**Hospital Management Information System****Front End:** Visual Basic**Back End:** Oracle

Description: This information system is designed to improve the quality and management of clinical care and hospital health care management in the areas of clinical process analysis and activity-based costing. Documentation though an important part of a Hospital, is a non-productive exercise for the intellectual human being, whose ability lies in core areas of excellence. Hence a systematic approach to the way documents are managed, can transform your Hospital resources to its highest utility and advantage.

Summer Training:

Duration : 21st June - 21st July, 2003
Company : **Vidhesh Sanchar Nigam Limited(V.S.N.L)**, New Delhi-01
Description : Exposure to telecommunication interface

Personal Profile:

- Name : Sunil Kumar Chowdhary
- Father's name : Sh. Mahender Singh
- Date of Birth : 14th March, 1983
- Marital status : Single
- Language Known : Hindi , English
- Gender : Male
- Contact number : 9957183623
- Email : iitg.sunil@gmail.com
- Hobbies : Playing Cricket, listening music, swimming
- Temporary address : Room No 30 , Manas Hostel, North Guwahati,
IIT Guwahati- 781039
