Objective

Intend to build a career with committed & dedicated people, who will help me to explore myself fully and realize my potential and willing to work as a key player in challenging & creative environment to take on big challenges and see them through.

EDUCATIONAL QUALIFICATION

Degree	University/College	Year of Passing	CGPI / Percentage Obtained
Master of technology	Indian Institute of Technology, Guwahati	2007	7.1
Bachelor of technology	J.N.T.U College of Engg, Kukatpalli, Hyderabad	2004	67.65 %
Intermediate	S.V.G.P, Tirupati	2000	65%
S.S.C	Board of Secondary Education	1997	72%

Software skills

Programming Languages:

C, C++, Core Java, Servlets and VB6.

Operating Systems:

Windows 95,98 and Windows 2000 .

Data Bases:

DBMS Concepts and SQL.

Concepts & Quality Standards:

OOPS, Object Oriented Analysis and Design.

Awards & Achievements

- Ranked 1st in high school .
- Secured 373 rank in statewide Engineering entrance exam.

Extra curricular activities

- Right from the school days I'm active participant in sports and cultural activities.
- Presently I'm player in IIT Guwahati cricket team.
- I was in the probable list of final 9 member IIT Guwahati badminton team.
- Captain of school level and University level cricket team.
- Worked as a sports secretary during 1st year M.Tech.
- Represented badminton at University level.

Term Projects :

- #1. Designed a **compiler for Nothing language** using Lex and Yacc tools during my 1st semester as part of term project.
- #2. Did a Term Project called **Drawing and Capturing Pictures Using Robot** using Mindstorm kit.

Term Papers:

- #1. Submitted a term paper entitled “**RADIUS Protocol** “for Distributed Operating Systems course during my 1st semester M.Tech.
- #2. Submitted a term paper entitled “**Position aware Multicast Routing Protocols**” for Wireless Networks course during 2nd semester M.Tech.
- #3. Submitted a term paper entitled “**Qos Enhancements in Distributed MAC protocols in 802.11 networks**” for Wireless Sensor Networks course during 3rd semester M.Tech.

Projects :

#1 Done as part of B.Tech project :

Project Name : E-TALK
Environment : Swings, Java 2.0 and Servlets
Description : E-Talk is a chat and mail based GUI application with in Local Area Network. Actually E-Talk is a combination of two applications, say chatting and mailing. It provides efficient communication between users. Users are provided to send their messages to one or group of users or all users who are currently online.

#2 **M.Tech Project:** Presently I’m working on a project called **CHAKSHU**. Chakshu is a software for visually challenged people which allows them to use PC. Actually it was already developed IITG 2005 passed out students. Now I’m working on integrating E-Mail system and chatting in Chakshu which allows visually challenged people to use all mail operations.
