

Curriculum Vitae

Sandeep Kumar Samudrala.

Room No. 331,

Siang Hostel,

IIT Guwahati.

Phone No: +91- 9954249970

Email: samudrala@iitg.ernet.in

Career Objective:

To be a part of an organization involved in developing innovative software solutions, where my technical, inter personnel and analytical skills will contribute to my career and organization growth..

Course	Institution	Board/University	Year of Passing	Marks	Remarks
10th	Sri Aurobindo High school, Jangaon	S.S.C	2000	81.16%	Distinction
10+2	Chaitanya Junior College, Jangaon	Board of Intermediate Education A.P	2002	94.5%	Distinction
B.Tech (IT)	Christu Jyoti Institute Of Technology & Science, Jangaon	J.N.T.University	2006	80.45%	Distinction
M.Tech	IIT Guwahati	IIT	2008	7.86 CPI	

Technical Skills:

Languages : C, Core Java,HTML,DHTML, SQL/PL-SQL.

Design Tools : UML

Operating Systems : Linux, Windows XP

Assembly Language: Intel 8086

RDBMS :Oracle

Areas of Interest:

- Operating Systems.
- Computer Networks
- Databases.

Courses in M.Tech:

Computer Systems, Theoretical Foundations of CS, Distributed Systems, Wireless Sensor Networks, Linux Kernel, Optimization Methods, Mobile Robotics and Computer and Network security.

Academic Highlights:

- i. I was Mandal Topper in Intermediate.
- ii. I was Branch topper in BTech and University 31st rank holder.

Projects:

Title : Performance Enhancement of Peer to Peer Systems (Ongoing)

Course: : M.Tech thesis.

Supervisor : Dr.Diganta Goswami

Description :

Peer to Peer Systems have been widely accepted because of their self organization, Scalability, Improved Performance when compared to the regular client/server systems. Today 65% of Internet traffic is by peer to peer applications.

Increased popularity demands optimized use of network bandwidth and improved response time. Structured and Unstructured are the different types of peer to peer systems. Structured systems are deterministic thereby consume less bandwidth. Unstructured systems are nondeterministic and hence suffer from number of problems like high bandwidth consumption, scalability, security etc. To address the bandwidth and response time of Unstructured systems we have proposed a hierarchical architecture based on the node capabilities to reduce bandwidth consumption, improve the response time and make the structure more compact.

Title : Network Tracker(Completed)

Language : VC++.

Course : B.Tech Project work

Description: Network tracker is a simple tool for analyzing the traffic between LAN and Internet. It captures the packets at the device level bypassing the operating system protocol stack and analyses the packet headers at the various layers of Protocol Stack. It also provides the facility to filter the packets based on the parameters like IP address, protocol etc.

Mini Projects and Term Papers:

1. Title : Design and Development Of College website(www.cjits.org)

Course : BTech.

2. Title : Design and Development of Simple SQL Parser.

Course : As part of Computer Systems course in MTech 1st sem.

Supervisor: Dr.Himadri Shekar Paul.

3. Title : Design and Development of simple SQL Query Optimizer
Course : As part of Computer Systems course in MTech 1st sem
Supervisor: Dr. Himadri Shekar Paul.

4. Title : Byzantine Failures in Primary/Backup Replication.
Course : As part of Distributed Systems course in MTech 1st sem..
Supervisor: Dr. Diganta Goswami

Activities:

- i. Active Participant in “FETE”, a cultural festival , intended to help poor organized in our BTech college
- ii. I worked with “Help Age India”, Organization for Old age people.

Strengths:

- i. My love towards the work.
- ii. Hardwork.

References:

Dr. Diganta Goswami,
Associate Professor,
Department of Computer Science & Engineering
Indian Institute of Technology, Guwahati.
Email: dgoswami@iitg.ernet.in

Personal Details:

Name : Sandeep Kumar Samudrala.
Date of Birth : 13/07/1985(dd/mm/yyyy)
Fathers Name : Sambaiah
Languages known: Telugu, Hindi, English

Declaration:

I here by declare that the above furnished information is true and correct to the best of my knowledge.

Date:

Place: Guwahati

Sandeep Kumar Samudrala.
